The food container agaisnt the waste.

re BOX®

Project author or developer: **Yeerida Italia S.r.l.s**

Where: IT / Italia /

Website: www.re-box.it/

reBox launches to the market a line of recyclable food containers, that allows to bring left-over food and drinks from the restaurants. This conteiners were designed keeping an eye on the environment adn were projected to be put directly on the fridge or in the microwave since it's composition allows it. \hat{A}
