KalatÃ is a cultural enterprise. itâ€™s an adventure through the non-yet roamed streets. The beauty of the stories, the art and the landscape. With our projects, we give new light to the Italian architectural treasures, opening accessible paths to everyone and outstanding perspectives. In our guided tours, we give voice to the core of the places, mixig the fun with the content, getting deep and remaining light. I every experience we offer emotion and knowledege are melted in a pleasure whiteout age. To a wonder open to everyone.
